

WEN Jiachun

Ph.D
Associate Professor
SICIP
wjc_facun@hotmail.com

Education Background

- 2008 Ph.D. in Technology Economy & Management (Specialized in Intellectual Property Management)
School of Management, Huazhong University of Science & Technology
- 2005 M.S. in Economic Law (Specialized in Intellectual Property Law)
School of Management,, Huazhong University of Science & Technology
- 2002 B.S. in Power Machine and Engineering
School of Energy and Power Engineering, Huazhong University of Science & Technology
- 2002 B.S. In Law
Law School, Wuhan University

Teaching

To provide the lectures of Patent Literature Search and Analysis, Discipline Frontiers of Intellectual Property and Subjects of Patent Law

Visiting scholar of Cambridge University for "Cambridge-China, Humanities and Social Science Program", July 10th -September 20th, 2013

Research and Scholarly Activities

Research Interests	Intellectual Property Management, Patent Analysis, Civil and Commercial Law
Research Projects(as project leader)	(1) Research on Patent Propensity Based on Examination Behavior and its Policy Implications supported by the National Natural Science Foundation of China(2013-2014) (2) Research on the Optimization of Patent Grant System Based on the Control of Patent Examination Delay supported by the National Natural Science Foundation of China(2015-2018) (3) Research on the Evaluation Index System of Economic and Technological Development of Patent Information Service supported by the State Intellectual Property Office of China(2013) (4) Research on the Scientificity of Patent Information Analysis Method supported by the State Intellectual Property Office of China(2014) (5)Research on the Application of Patent Information in Enterprise Patent Risk Analysis and Early Warning supported by the State Intellectual Property Office of China(2015) (6) Research on the Reform of Patent Fees Policy supported by the State Intellectual Property Office of China(2016)

Selected Recent Publication List

Journal Papers

1. **Wen, J.C.** (2012) The Risk Caused by Patent Grant Delay and its Effect. *Science Research Management*, 33(5):139-145(in Chinese).
